

I believe in you, your staff and the awesome work you all do! You've made my life bearable through all this devastation and I'll never forget you and the great work you do!

May God Bless all of you and keep you always!

Isn't it amazing that out of 14 letters from attorneys I received that the Good Lord led me to pick you! So, I'm playing #5 114 - it's gotta always be a winner for me! Maybe one day I'll win some money back! (LOL) Thanks again - I'll never forget you even though I hope I never have to call you for help again! (LOL)

Always,
Shelia

To know the worth

of peace on earth

for those you love and you.
